

LEADING INNOVATION AND REFINED LUXURY

WELCOME

We are delighted to present the culmination of over a Century of equipment innovation.

By understanding you and your business, and by appreciating the demands you place on equipment, our vision to transform everyday functional products into multi-functional experiences is embodied in every concept. As a result, Takara Belmont is revered globally for timeless design, superior quality and advanced technical innovation that has redefined equipment expectations, transformed service experiences and advanced the industry on a global scale.

By absorbing international fashion and interior design trends we have also created awe-inspiring salon designs that reflect the dreams and aspirations of salon owners whilst maximising service opportunities and commercial potential.

Importantly, our founding principle of exemplary service remains as crucial as ever. We never forget that together we are stronger and this partnership ethos has never been more vital to the future advancement and prosperity of our industry.

We appreciate your interest in Takara Belmont and look forward to being of service to you.

BARBER COLLECTION

DISCOVER THE WORLD'S MOST **ADVANCED** BARBER COLLECTION

Barbering is in our DNA and our global reputation is defined by timeless design, superior quality and sublime comfort across our entire range. Often impersonated, yet never equalled... it has to be Takara Belmont.

BARBER CHAIRS

- Apollo 2
- Apollo 2 Elite
- Apollo 2 Icon
- Dainty
- GT Sportsman
- Legacy 95

MOTORISED CHAIRS

- Inova EX
- Luar
- Legend
- Maxim

As the original barbering furniture icon, the Apollo 2 symbolises international barbering in ways that define every grooming experience and barbershop setting.

Often imitated, yet never equalled, the Apollo 2 has evolved with the Original Apollo 2, Elite and Icon serving as the ultimate expression of design, performance, luxury and refinement.

r.a.f SERIES

Beauty defined by simplicity has yielded a contemporary collection that embraces nature and exudes hand crafted overtones. Rustic finishes are offered by natural light wood accents framed with industrial iron textures, as precision engineering ensures the ultimate in comfort, performance and enduring quality.

r.a.f #01

With its delicate frame and generously cushioned seat and backrest, pure relaxation and comfort are assured for every client. Its uncomplicated, unobtrusive design subtly enhances every salon aesthetic, as natural wood armrests introduce appealing natural accents that accord with our sustainability ethos and use of natural, sustainably sourced materials.

With a textured powder coated frame further enhancing its rustic charm, a selection of four hydraulic base options with 360° lockable base rotation prioritise comfort for the client and easy access for the stylist.

r.a.f #02

Every salon aspires to create their own version of individuality. With a unique backrest belt design and a cushioned seat nestled on top of a natural wood base, clients descend into a state of contentment which prepares them perfectly for their hairdressing service.

Light wooden armrests accentuate this chair's natural aspects while its textured frame and elegant design provide a compelling feature that commands attention in any salon setting without overpowering the interior design.

YUME SERIES

Luxury is embodied in the experience of the individual and is expressed in the intent of every salon.

As the epitome of refinement, high-end luxury and VIP SERVICE, Yume is unequalled. It also allows for the introduction of EXCLUSIVE TREATMENTS that immerse your clients in new experiences whilst boosting revenues.

Yume transforms even the most lavishly appointed salon into a haven of tranquillity and serenity. Cradle your client in sublime comfort as they receive deluxe services that enhance impressions of your quality and proficiency.

YUME SERIES

*After almost a Century of innovation we have realised the promise of luxury.
The Yume Series inspires the imagination of salons, crystallising the true meaning
of a backwash concept. It surpasses expectation and forms new perceptions to reach.*

YUME iXi

Create new expressions of refinement and comfort with a more compact Yume concept. Space saving Yume iXi embraces the spirit, soul and technical precision of the Yume series in every way, while expanding high-end possibilities for more space sensitive salon environments. Indulge your client in a reclined position without compromising sensations of luxury, a sofa style washbasin with our gel neckrest and head pillows will elevate every backwash experience to higher echelons of relaxation and opulence.

See pages 146-149 for upholstery colour swatches.

- A / Upholstery colour options
- B / Manually adjustable backrest
- C / Double gel-filled neck cushion with gel-filled pillows for a perfect fit with semi-flat positions plus neck cushion lock function for taking perm rods easily
- D / Flow rate and thermo control
- E / Ceramic basin
- F / Standing treatment position
- G / Foot pedal for backrest release
- H / Adjustable Footrest

YUME iXi FEATURES

Head Bath

A new innovative addition, exclusive to the Yume series. The Head Bath not only enhances every customer experience but increases the value of your treatments in the backwash area by creating a service that promotes relaxation and calm as well as improving the scalp health and well-being.

Benefits:

- › Cleanses, purifies and heals the scalp in a short space of time
- › Removes accumulated dirt and product build-up from the scalp to create the perfect foundation for healthy hair growth, and produce a clean, healthy scalp
- › Relieves stress and lifts mood through its therapeutic effect
- › Delivers a spa-style experience for the scalp and hair that only professional salons can provide

Compatible with:

Yume Espoir ESL with thermo,
Yume Noble, Yume, Yume DX,
Yume Oasis

Yume Upgrades

Customise with additional equipment including arm support & side tray and large gel-filled head pillow.

Large gel-filled head pillow for comfortable, extended treatments

Side tray gives convenient access for treatment supplies and tools

Arm support for a more comfortable service

Arm support and side tray to expand your service menu to include beauty and eyelash treatments

YUME OASIS

A new representation of luxury where high-end refinement meets technical innovation for immeasurable convenience and sophistication with added in-salon theatrics.

YUME OASIS

The embodiment of personalised luxury and technical innovation. Our unique water supply and drainage connection system has upper and lower units.

This inventive mobile backwash unit, with smooth running castors, engages with an ingenious under-floor service unit via a foot pedal to activate a thermostatically controlled water supply. A gel-filled neck cushion provides reassuring comfort as its free-swivelling, dual function shower head with retracting cord gives unhindered access to the client for unsurpassed services at the styling station.

Designed to service multiple workstations.

- A / Double gel-filled neck cushion with gel-filled pillows for a perfect fit with semi-flat positions plus neck cushion lock function for taking perm rods easily
- B / Free-swivelling dual function shower head
- C / Six body colour options
- D / Easy lever mechanism to lock Yume Oasis in place
- E / Smooth running castors
- F / Under-floor service unit

Personalised refinement and sophistication

Double Gel-Filled Neck Cushion with Gel-Filled Head Pillows

Single Tap with Thermostatic Control

Hair-trap System with Drain Cap

Dual Flow Shower Head - Shower Flow / Champagne Flow

AMAZING FUNCTIONALITY AND WORKFLOW

Maximise your space with multipurpose chairs, mobile processors and the world's smartest backwash solution.

COMFORTABLE NECK DEVICE DESIGNED FOR SPA

The neck cushion and head pillow are both filled with soft gel, comfortably supporting the head in three points. This perfect positioning substantially eases any strain on the neck region and helps maintain a comfortable posture during longer treatments.

GAP REDUCED BETWEEN BASIN & CHAIR

In order to position the backrest and neck device as close as possible, the width and incline of the front part of the basin may be adjusted in millimetres. A comfortable lying posture is achieved with a wide surface area supporting the body.

CUSTOMISE YOUR EQUIPMENT

The Yume Oasis body colour is available in a range of options:

FLOOR SERVICE UNIT

Our unique water supply and drainage system is easy to use and once the upper unit is aligned to the floor inset lower section a water tight connection is formed.

*At additional cost

HIGH QUALITY BASIN

Yume Oasis Basin

EASY SET UP AND RELEASE

1 / Press down with your left foot on the assist button and pull up the lock release lever with your right.

2 / Slide the upper unit gently into position.

3 / Press down on the connection pedal and lock the unit in position with the easy lever mechanism to complete the set up.

4 / Pull up the connection release lever while pressing down the connection pedal to release. Press down the open / close top board.

PROCESSORS

INNOVATION AND TECHNICAL PERFECTION TO RESTORE PROTECT AND PRESERVE

The application of infrared and ultrasonic technologies has seen world firsts emerge in the shape of leading-edge concepts that transform hair colouring and other technical services.

INFRARED PROCESSORS

Roller Ball F Mobile
Roller Ball F Wall Mounted

MIST PROCESSORS

Spa Mist II
Micro Mist

ROLLER BALL F

Transformative technology for hair that is revered worldwide for genuine results and a tangible effect on business.

ROLLER BALL F - Mobile Version

Available in mobile or wall-mounted format, its innovative 3-section rotating carbon element features programmable presets or manual mode for customised settings, with 7 scalp temperature levels ranging from 34°C-52°C.

The mobile version adds theatre to services in an entirely convenient way.

ROLLER BALL F - Wall Mounted

The wall-mounted option features a space-saving retracting arm mechanism.

Programmable presets, integrated cooling system low temperatures, compact & mobile.

PROCESSORS

As the world's first infrared processor, Roller Ball F continues to transform colour results and boost colour business for salons. Its unique rotating ring features an efficient carbon heater that accelerates processing time without detriment to the structure of hair; whilst simultaneously enhancing the customer experience.

ROLLER BALL F

ROLLER BALL F

The world's most transformative processing technology that redefines colour expectations and actively increases the value of your colour business.

Fulfil the wish of every client for more vibrant, intense and enduring colour.

Fast processing time to accelerate your colour business

Easy-Wipe Surfaces and Control Panel

Rotating Heat Source Ensures Even Treatment

Infrared Sensor Maintains Scalp Temperature

WORLD FIRSTS

Transformative technology for hair that is revered worldwide for genuine results and a tangible effect on business.

*Reaches this in
just 2 minutes*

7X

*More
vibrancy*

3-12

mins

*For perfect
perming*

PROCESSING INNOVATION

ROLLER BALL F

Roller Ball F is incredibly responsive. It reaches 40°C in about two minutes and halves the processing time of treatment chemicals.

Pre-programmable and adjustable settings give technicians real choice and complete control over the process. The infrared sensor maintains scalp temperature resulting in even results.

Roller Ball F does not exceed the scalp temperature at which hair becomes damaged.

The complete process achieves longer-lasting colour and perm results than alternative heat processors.

See our instructional video online:

The rotating heat elements work all the way around the head ensuring an even treatment for every client.

Pause the rotation at any time and activate selected zones of the heating element to focus processing on any one part of the head – for highlights, balayage or conditioning treatments this function is invaluable.

*Using 3 heat zones:
10 mins exposure*

*Using 2 heat zones:
10 mins exposure*

MIST PROCESSORS

Our appetite for invention, innovation and technical perfection has yielded some of the world's most transformative technologies that restore, protect and preserve the integrity, health and vitality of hair.

SCIENCE-BASED INNOVATION

MIST PROCESSORS

Spa Mist II and Micro Mist embody our quest for science-based innovation. Discover micro-fine mist technology that allows for the infusion of treatment ingredients, colour pigments and chemical processes for unsurpassed results without dilution or damage to the integrity of hair.

Using innovative mist technology, the absence of 'steam' ensures heat damage is eliminated. By opening the cuticle layer at low temperatures, colour pigments, treatment ingredients and other chemical processes, such as perms, are infused deeper into the hair shaft without dilution. When sealed in via the cooling features, hair health is notably improved, more glossy and silky smooth; colour is more vibrant and lasting and chemical service outcomes are more durable and resilient.

MICRO MIST

SPA MIST II

SPA MIST

Combine SPA MIST II with YUME SHAMPOO SYSTEMS for a mist infused experience that enriches each service and yields enhanced treatment outcomes for shinier, healthier hair.

COMPACT & MOBILE

SPA MIST II

Mobile innovation that transforms treatment, colour and chemical service expectations. For seated or reclined clients.

Features include: Ultrasonic technology opens the cuticle layer at 40°C allowing for the deep penetration of treatments, hair colour and other chemical service ingredients as its cool shot feature locks the cuticle and seals the ingredients in.

The result: Visibly enhanced shine, colour vibrancy and more enduring outcomes.

- A / 6 programmable presets and manual control
- B / Integrated water tank for multiple treatments
- C / Smooth running wheel-base
- D / Drain tank
- E / Flexible extendable hose

SPA MIST II

TECHNOLOGY & INNOVATION

Add the power of technology to TRANSFORM CLIENT EXPECTATIONS and accelerate your business. Convenient, compact, mobile processors that fit seamlessly into any salon situation.

Spa Mist II uses a soft, microscopic mist that penetrates the scalp and hair. Used with treatments such as Head Spa, Colouring, Perm or all round feel-good hair care the Spa Mist II helps you care for hair so clients leave looking and feeling beautiful. An ultrasonic transducer vibrating at 1.6 million times a second generates a fine mist of microscopic water particles. The temperature and quantity of the mist can be freely controlled and used for numerous hair treatments as well as colour processing and perms.

Open Mist - Warmth Creates Comfort

The mist and warmth combine to relax the client.

Allows staff to create a more luxurious shampoo experience scalp treatment.

Scalp Care

Open the pores to clean the scalp.

Through the mist moisturising and heating, pores open to free up keratotic plugs and debris.

With minimal burden to the scalp, debris and keratotic plugs are removed leaving the scalp cleansed.

Hair Care

Penetrates deep into the hair for longer-lasting effect.

Opens the cuticle layers so that the treatment particles go deep into the hair.

Cooling closes the cuticle to keep the hair healthy.

Colour - Even Colouring - Minimal Fading

The microscopic mist is sent into the cap where it circulates surrounding every hair strand with heat ensuring an even finish.

Cooling fixates the hair colour into the hair for longer-lasting results.

Perm - Beautiful Curls, Shorter Time

Uniform heating gently promotes the softening process throughout the hair.

Creates beautiful curls in minimal time.

Hand Care - Moist Soft Skin

Heated mist enhances the cleansing and moisturising of hands.

Brings added value to manicures and other hand care services.

With Open Mist

- > More shampoo lather is generated and the stylist's hands slide easily
- > The client gets a warm comfortable feeling right up to behind the ears

Without Open Mist

- > Hair gradually cools resulting in less lather, and also cold lather
- > The client feels cold

CUSTOMISE

SPA MIST II

Customise your Spa Mist II with a variety of options.

MICRO MIST

A culmination of research, technical innovation and a deep scientific comprehension of hair that has produced the essential partner for technical service perfection.

IMPROVED PROCESSING

MICRO MIST

Deeper cuticle penetration of any treatment particles ensures better results; colour is more vibrant and enduring, and other chemical processes last longer with the help of mist.

Features include: Fully programmable and mobile, Micro Mist enhances chemical service outcomes by opening the cuticle layer at 40°C-50°C and re-sealing the cuticle to lock-in colour, treatments and chemical service products.

The result: Visibly enhanced shine, colour vibrancy and more enduring outcomes.

White

ACCESSORIES COLLECTION

r.a.f STOOL

Real wood design.

Perfect for eco or minimalistic salons with more of a natural aesthetic, looking for more durable and quality products.

ZEN STOOL

Style and comfort.

Deliver supreme service coordination by customising from a black or silver wheel base and a variety of upholstery colours. Smooth casters and 360° rotation give stylists complete service control in style.

D-STOOL ALUMI / CLEAR

The smooth running stylists' companion.

Work in style with a matt silver finished base and brushed aluminium or clear acrylic seat. Fully height adjustable and hydraulically sprung with smooth running transparent castors for pure comfort and agility, whilst ensuring hair does not get trapped in the wheels.

Accessorise your styling chairs

LIBRO

A perfect companion for your client as they relax during treatment and hairdressing services, this stylish magazine holder with integrated service table can be height and angle adjusted to suit, with a magazine rack to offer a choice of reading material. With its convenient shelf for personal items, such as a mobile phone, LIBRO can be conveniently stacked when not in use.

ACCESSORIES COLLECTION

M-STOOL

The ultimate tilting stool customised for backwash technicians.

Supremely stable and stylish, rest on the richly padded seat as hydraulic power eases you up or down into the perfect service position. The 8% backward or forward tilt movement gives unbridled access to the client, as the heavy base and four non-slip rubber feet combine to hold your position. Use the carry-handle or wheel to your next service.

ESPOIR STOOL

Advanced functionality for backwash technicians.

Designed for the Yume Espoir, yet equally suited to all backwash services, its hydraulic sprung seat is highly padded for complete comfort. The 8% tilting motion is stabilised via a heavy base with rubber feet to prevent unwanted movement.

YUME STOOL

The pinnacle of advanced stool technology.

As the perfect accompaniment to the Yume series, its 360° multi-directional tilt meets every service requirement. Fully height adjustable with a hydraulically sprung padded ergonomic seat for supreme comfort with a heavyweight base and rubber feet that are reassuringly stable.

Perfect with the Yume Series

OUR STORY

A CENTURY OF INNOVATION

After a Century dedicated to the advancement of hairdressing, barbering and beauty that is defined and motivated by innovation, invention and the development of cutting-edge design and manufacturing, the Takara Belmont of today is the result of seeds sown in Osaka, Japan in 1921. The technology, facilities and infrastructure may not have been available then to do what can be done today, but the vision, ambition, dedication and attention to detail were.

From the outset, Takara Belmont embarked on a voyage to define global salon experiences through innovative furniture and equipment design. It set upon a mission to create and apply new and ground-breaking technologies that would elevate both the customer and stylist experience. And, it set out its intention to be the world's best - by setting benchmark standards of quality, design, functionality, performance and durability that would make, and leave, an

indelible impression on the global salon market - by shaping its future as well as defining the present.

As part of this plan, Takara Belmont would expand into international markets. It would also extend its expertise into the heart of the market through a combination of customer service principles and salon design, by building a brand and a product range around the needs, and the anticipated future demands and expectations, of salon professionals and their customers.

By drawing on international fashion and design, cultural nuances and global trends, it would perfect the art of salon design from aesthetic, atmospheric impressions to space optimisation, service range and performance, and commercial maximisation for the salon and barbershop business. It has succeeded in all of these things.

Attention to detail and uncompromising precision have been guiding principles in our product design and manufacture from the outset.

FROM HUMBLE BEGINNINGS TO WORLD-CLASS

From humble beginnings a bold vision emerged. Fast forward to 2024 and every ambition has been accomplished, as Takara Belmont continues to move into the future with just as much vision and ambition. The company has created some of the world's most iconic and enduring furniture and equipment designs, such as the Apollo 2 grooming chair series and the Adria II styling chair. It has developed and introduced ground-breaking technologies that have transformed hair care, treatments, chemical processes and colour with innovations like the Roller Ball F and Spa Mist II processors. It has redefined customer experiences by fusing technology and functionality with sublime luxury in the form of the Yume Series, the Legend and Maxim. It has achieved an international presence in over 100 countries and created the world's most advanced manufacturing

facilities. Furthermore, it has cultivated a service-first philosophy and product portfolio that hairdressing salons and barbershops worldwide depend on to support their business.

From high street to high-end luxury, from everyday salons and barbershops to the extraordinary, and from the unsung heroes to industry icons such as Trevor Sorbie and Daniel Galvin, Takara Belmont has shaped British and International hairdressing, barbering and beauty unlike any other equipment brand. Its ability to create products of distinction and enduring design, unrivalled performance and global appeal is unmatched, and the journey continues into the 21st Century as the company looks to build on its heritage and focus on the innovations of tomorrow.

1921 – 2024

INNOVATION TIMELINE

In a Century of innovation, Takara Belmont has created some of the world's most iconic and technologically advanced equipment, and designed some of the most awe-inspiring salons. Here are a few notable milestones in our company's history.

WARRANTY

STANDARD LIMITED WARRANTY POLICY

All Takara Belmont products are guaranteed against mechanical, electrical and workmanship faults, under normal working conditions, for a period of three years from date of delivery. Labour is covered for the first 12 months of the three year period.

This guarantee shall become null and void if the damage and its consequences are due to improper manipulation of the product, or modifications to the product are carried out by persons not authorised by Takara Belmont (UK) Ltd.

Visit our fully-equipped showrooms for your viewing pleasure and to experience our world-class equipment. Our full range is on show and our friendly, knowledgeable team are always available for demonstrations.

Showroom viewings are available by appointment only.
